PROMOTION FOR PRESIDENT WHEELER

WASHINGTON, July 2.—It was rumored tonight that Benjamin
de Wheeler, president of the University of California, had received an
offer of a diplomatic post from President Roosevelt and had accepted it.
Coupled with the rumor was the suggestion that General Horace Por-
ter would resign his office as Ambassador to France.

Nothing to confirm the rumor about President Wheeler could be
obtained. He was here recently, and a man who talked with him then,
and whose office would entitle him to know whether the President had
made any such offer, declared tonight that he had not heard President
Wheeler's name mentioned in connection with a foreign mission and
President Wheeler certainly had not spoken of it to him.

This same man said that General Porter was very well satisfied with
his present office.

FOR A SENSIBLE FOURTH

In certain cities the authorities have taken a definite stand against
the usual celebration of the Fourth. There are so many reasons for
doing this that the mere recital of them would take much space. In the
first place, although perhaps not leading in importance, the noise and
flame of the Fourth is grotesque, considered as a matter of principle. It
is wholly out of harmony with any proper spirit. It is a sort of mini-
battle with the small boy in the ranks, and the victims selected from the
passing throng by chance. There is a casualty list, which makes the
resemblance to battle the more realistic.

July Fourth of last year there were 31 people killed in this country,
and almost 3000 wounded. Among the wounded many lost their eyes
or limbs, or received frightful scars that they must carry to their graves.
The property loss sustained in the showing of joy on that occasion
amounted to \$600,000, most of this from the destruction of buildings.
In addition to this, there were countless nervous men and women to
whom the whole day was a stretch of agony, and there were suffering
invalids to whom the shock was painful and perhaps fatal. There was
distinct violation of the law in the sale of toy pistols, one of the most
deadly of mechanical devices. To offset these things there is not a
single demonstration to be made. Let it be hoped that common sense
will prevail next time and temperance.—Tacoma Ledger.

"ONLY YOUNG MEN WANTED."

Only young men are wanted. In the pictured portraits of promi-
nent men, such as business managers, office-holders, etc., all, or nearly
all, are youthful faces, and of one type—smooth, outwardly agreeable,
but of no great depth. Said the owner of a big workshop to his visitor:
"Do you see that young fellow? He gets around twice as quick as that
older man yonder. The younger is the one for me—the other must go."

The older man does go, but the other soon follows, for it is stated
that the average length of a business career is 20 years. By the end of
that time Mr. Moneybags has exhausted the life's capital in his favorite,
and he has no further use for him. Now, suppose one marries and has
a son born at 20, is promoted to be foreman, chief clerk or manager at
25, breaks down or gets turned out at 45; then his son, or his neigh-
bor's son, must be his successor. The latter is 20 years old, and at 40
must give way to his 20-year-old son, if he also married and had a son
born at 20. But if the father does not marry and have a son born before
he is 25, then his successor must be a lad of 15. The tendency is to
marry late, or not at all, and births are infrequent. If the native stock
fails, then a young foreigner must be chosen and the same experience
is repeated in him. In any case, the result will be mere boys of 15 or
20 for responsible positions, or a continuous importation of foreigners
to be our sub-rulers. When the heir to a throne was always an infant
or a minor, that dynasty, if not the nation itself, soon perished. Will
not modern business also soon run its course, ruined by that very en-
terprise of which it boasts so much?—Springfield Republican.

LAHAINA NOTES.

LAHAINA, July 11.—A very success-
ful fourth of July ball was given at
the Lahaina Club Rooms last Saturday
evening.

The first anniversary of the Lahaina
Branch of the Japanese Red Cross So-
ciety was held on the grounds of Dr.
Miyata, the Japanese physician, last
Sunday afternoon.

Some of the Lahaina teachers will
probably attend the summer school in
Honolulu.

A Japanese at Honokohau fell over a
precipice a few days ago and fractured
a leg and was badly bruised.

As Prof. E. H. Carleton has performed
faithful service at Lahaina for
several years, he seems to be a
worthy candidate for the vacant
principalship.

The apparatus in the new office of
the Wireless Telegraph Company is
working in a very satisfactory manner.

THE POPE.

Associated Press, Morning Service.
ROME, July 11.—The vitality of the
Pope is inexhaustible. His mind is won-
derfully clear and he transacts busi-
ness and holds audiences with car-
dinals. Prolonged sleep today created
some uneasiness. The Pope's heart ac-
tion has improved. Cardinal Satolli
says that the life of the aged Pontiff is
only maintained by the use of powerful
stimulants. Arrangements for the con-
clave are progressing.

Associated Press, Morning Service.

ROME, July 12.—Continued improve-
ment is shown in the condition of Pope
Leo XIII. He was able to participate
in the celebration of a mass in a room
adjoining his chamber. Encouraging
bulletins are issued from the Vati-
can. These indicate that his respira-
tion is somewhat ameliorated and the
use of oxygen has been discontinued.

The Pope now sits in an arm chair
and receives visiting cardinals, who
have been summoned to attend the con-
sistory which will follow his death.

WAR TALK.

Associated Press, Morning Service.
PEKING, July 11.—The conference
between the representatives of Japan
and Russia over the Manchurian ques-
tion is fruitless and the war talk is the
most violent that has been heard in
years.

BARSTOW, Cal., July 11.—Japanese

KISHNEFF MATTER.

Associated Press, Morning Service.

ceptance of the American petition.

SOLDIERS AND CITIZENS.

Associated Press, Morning Service.

LEAVENWORTH, Kas., July 12.—
Negroes and soldiers engaged in a
street row here today. Shots were
exchanged and several persons were
injured. The soldiers and citizens im-
mediately organized into a mob and

declared their intention to lynch the
negroes. The police were armed but
they had great difficulty in dispersing
the mob. Several persons are serious-
ly injured and should they die further
trouble is feared. The military offi-
cers have been asked to suspend all
passes to soldiers at the fort.

FIRE HINDERS RESCUE.

Associated Press, Morning Service.
RAWLINS, July 11.—Fire again frus-
trates the work of the men trying to
rescue the imprisoned miners.

serves.

FATAL HEAT WAVE.

NEW YORK, July 11.—There have
been fifty-five deaths in two days from

dred prostrations. Tonight the wave
shows signs of having been broken.

PETER WILL VISIT CZAR.

Associated Press, Morning Service.
BELGRADE, July 12.—The birthday
of King Peter was celebrated here to-
day with thanksgiving services. These
were generally attended. It is an-
nounced that the King will pay a visit
to the Czar at St. Petersburg about the
middle of September. A crisis is ex-
pected very soon involving the com-
plete reconstruction of the Servian
cabinet.

STORM IN BALTIMORE.

Associated Press, Morning Service.
BALTIMORE, Md., July 12.—A heavy
wind storm accompanied by a down-
pour of rain swept over the northern
portion of this city today. Fifty houses
were unroofed and three hundred peo-
ple were rendered homeless.

BORDER WARFARE.

ed engagements have taken place at
several points along the Macedonian-
Bulgarian frontier. Both Turkish and
Bulgarian officers accuse the other side
of having crossed the frontier.

Associated Press, Morning Service.
KANSAS CITY, Mo., July 12.—The
Missouri fast mail train and an ex-
cursion special were in collision just
outside this city today. Three per-
sons were killed and not less than
fifty were injured.

How About Your Coffee?

Eminent authorities in this country and Europe agree that
coffee, when pure, is one of the most healthful of beverages, but
it must be pure. When mixed with chicory it is most injuri-
ous to the system, causing many disorders of the stomach, etc.
We have been most successful in our efforts to encourage the use
of pure coffee. Our sales of 25 cents freshly roasted, pure
